What I can Do with N8N Hosting?

AUTOMATE REPETITIVE TASKS

Save hours by automating tasks like sending emails, posting to social media, or updating spreadsheets — all without coding.

CONNECT YOUR FAVORITE APPS

Link tools like Gmail, Google Sheets, Telegram, Notion, Slack, and over 300+ apps to work together smoothly.

BOOST YOUR BUSINESS WITH AUTOMATION

Automate lead generation, CRM updates, reminders, reports, and more. Grow faster while doing less manual work.

USE AI TO MAKE SMART DECISIONS

Connect OpenAI, GPT, or other AI tools to write emails, analyze text, create replies, or make smart choices inside your workflows.

BUILD CUSTOM WORKFLOWS WITH LOGIC

Add filters, conditions, delays, and triggers to control how and when tasks run. Your automation, your rules.

PRIVATE & SELF-HOSTED

All your workflows run on your own server — fast, secure, and fully under your control. No third-party limits or spying

What Else with n8n ?

Can n8n help reduce time spent managing social media? −

Yes! Automatically schedule posts, reply to DMs, or track mentions across platforms using workflows.

Is it possible to automate follow-up emails to customers who didn't complete checkout? +

Do I need coding skills to use n8n? +

How is this better than Zapier or other tools? +

What happens if something goes wrong in my workflow? +
